WININGER ME (*see* Eben et al), 248
WORTH D (*see* Matlock et al), 55

Z

ZWICKE DL, BOBZIEN WF, WAGNER EH: Triage nurse decisions: A prospective study, 132

SUBJECT INDEX*

A

Abdominal pain (Danis), 200
Abruptio placentae vs. ruptured uterus, obstetric emergency and (Royko), 4
Abstracts from the literature, 39, 143, 197, 254
Access, balancing, with quality, ethical questions surrounding "neighborhood emergency centers" and (Robbins), 264
Acute onset of compartment syndrome (Kuska), 75
Advanced trauma life support training for physicians and nurses, in pilot program (Myers and Hopperstead), 123
Aftercare concerns of rape victims (Danis), 42
Air transport of patient with head injury (Vermeer), 60
Annual review of audiovisual materials (Sorgen), 95
Assessment of pupil and eye responses and their significance (Fisher), 211
Atropine poisoning, jimsonweed and (Feenaghty), 139
Attacks, envenomations and, related to marine hazards (Auerbach and Halstead), 115
Attitudes of professionals toward violence in close relationships (Shipley and Sylvester), 88
Audiovisual materials, annual review of (Sorgen), 95
Audit criteria, ED standards and (Heister, Johnson, and Trimberger), 83
Autonomy, motivators, and barriers in role performance of emergency nurse practitioners (Widhalm and Anderson), 67
Axis, electrocardiographic, how to calculate simple (Budassi), 322

*January/February, pp 1-56; March/April, pp 57-106; May/June, pp 107-158; July/August, pp 159-212; September/October, pp 213-270; November/December, pp 271-334.

B

"Bacardi" hypoglycemia (Sears), 113
Balanitis associated with hyperglycemia (DeVitis), 164
Barriers, autonomy, and motivators in role performance of emergency nurse practitioners (Widhalm and Anderson), 67
Basic budgeting for ED nursing personnel (Piper), 285
Beta-adrenergic blocking agents (Halpern and Davis), 204
Blocking agents, beta-adrenergic (Halpern and Davis), 204
Blues, T's and (Halpern and Davis), 150
Budgeting, basic, for ED nursing personnel (Piper), 285
Burn care (Danis), 257

C

Carbon monoxide poisoning (Vermeer), 217
Care, wound (Danis), 94
Change, life, in ED patients with nonacute conditions (Parker), 34
Children and parents and otitis media (Wagner and Kloepper), 306
Circadian rhythm and hours of postmyocardial infarction mortality (Henderson), 63
Close relationships, violence in, professionals' attitudes toward (Shipley and Sylvester), 88
Cocaine use and toxicity (Holland), 166
Compartment syndrome, acute onset of (Kuska), 75
Conflicts in teamwork and personnel (King), 51
Consent and mentally impaired patient (George), 155
Cooperative workshops for emergency nurses (Eben et al), 248
Cricothyrotomy, emergency (George), 210

D

Decisions by triage nurse, prospective study of (Zwicke, Bobzien, and Wagner), 132
Defensive medicine, ethics, and law (Robbins), 153
Developing your ethical perspective (Robbins), 100
Disaster, Hyatt, two nurses' perspectives on (Orr and Robinson), 6
physicians' perspectives on (Orr and Robinson), 6
Documentation, vital sign, and primary nursing in emergency department (McCall and O'Sullivan), 187
Drowning and near-drowning, update on (Smothers), 176
Drug-dependent women, unique approach to, personalized nursing and (Andersen), 225
Drugs, street (Budassi), 105

E

ED patients with nonacute conditions, life change in (Parker), 34
standards and audit criteria (Heister, Johnson, and Trimberger), 83
use by "repeater" and "nonrepeater" patients, factors associated with (Jacoby and Jones), 243
Editorial (Pisarcik), 213
EDNA abstracts, 38, 92, 142, 196
Effects of ethanol in trauma (Halpern and Davis), 261
Electrocardiogram, twelve-lead, reading, for ischemia, injury, and infarct (Budassi), 268
Electrocardiographic axis, simple, how to calculate (Budassi), 322
Emergency cricothyrotomy (George), 210
department nursing care of manic patient (Buckwalter and Kerfoot), 239
wills (George), 104
nurse practitioners and motivators, barriers, and autonomy in role performance (Widhalm and Anderson), 67
Training Program, San Francisco (part 1) (Teufel, Teufel, and Harding), 23
(part 2: evaluation) (Sorgen and Foss), 29
obstetric, abruptio placentae vs. ruptured uterus in (Royko), 4
Encephalopathy, Wernicke's, and Korsakoff's psychosis (Budassi), 295
Envenomations and attacks related to marine hazards (Auerbach and Halstead), 115
Ethanol, effects of, in trauma (Halpern and Davis), 261
Ethical perspective, development of (Robbins), 100
questions surrounding "neighborhood emergency centers," balancing access with quality and (Robbins), 264
Ethics, defensive medicine, and law (Robbins), 153
and policy, conflicts in, reduced federal monies and (Robbins), 208
Eye responses, pupil and, assessment and significance of (Fisher), 211

F

Factors associated with ED use by "repeater" and "nonrepeater" patients (Jacoby and Jones), 243
Federal monies, reduced, conflicts in ethics and policy with (Robbins), 208
Furosemide (Halpern and Davis), 311

G

Genitourinary system, trauma of (Kidd), 232

H

Hazards, marine, attacks and envenomations related to (Auerbach and Halstead), 115
summertime (Danis), 146
Head injury, patient with, air transport of (Vermeer), 60
Health teaching needs of patient (Clarke), 298
How to calculate simple electrocardiographic axis (Budassi), 322
Hyatt disaster, two nurses' perspectives on (Campbell and Pribyl), 12
physicians' perspectives on (Orr and Robinson), 6
Hyperglycemia, balanitis associated with (DeVitis), 164
Hypertension, pharmacologic approach to (Hoffman), 17
Hypoglycemia, "Bacardi" (Sears), 113

I

Illegal drugs, police, and emergency department (George), 267
Impaired patient, mentally, consent and (George), 155
Implementing staggered twelve-hour shifts for ED nurses (Schulmerich), 127
Incidentally, 48, 101, 209, 266, 317
Infarct, injury, and ischemia, reading twelve-lead electrocardiogram for (Budassi), 268
Infarction, acute myocardial, streptokinase intracoronary thrombolysis in (Werner and Chrzanowski), 277
postmyocardial, mortality in, circadian rhythm and hours of (Henderson), 63
Inhalation, smoke (Budassi), 156
Injury, ischemia, and infarct, reading twelve-lead electrocardiogram for (Budassi), 268
Insurance, malpractice (George), 319
Interview, successful, profile of (McCall), 320
Intracoronary thrombolysis, streptokinase, in acute myocardial infarction (Werner and Chrzanowski), 277
Ischemia, injury, and infarct, reading twelve-lead electrocardiogram for (Budassi), 268

"It wasn't what I thought it was going to be" (Miller), 109 (Guest editorial)

J

Jimsonweed, atropine poisoning and (Feenaghty), 139
Join us in New Orleans (Pisarcik), 159 (Editorial)

K

Kardex, Special Needs, answer for repeaters in (Rich), 191
Korsakoff's psychosis, Wernicke's encephalopathy and (Budassi), 295

L

Law, ethics, and defensive medicine (Robbins), 153
Letters, reintroduction to (Pisarcik), 57 (Editorial)
Life change in ED patients with nonacute conditions (Parker), 34

M

Malpractice insurance (George), 319
Manic patient, emergency department nursing care of (Buckwalter and Kerfoot), 239
Marine hazards, attacks and envenomations related to (Auerbach and Halstead), 115
Medical care, "rights" in, reevaluating talk about (Robbins), 316
Medications, "overdose," in emergency department (George), 50
Mentally impaired patient, consent and (George), 155
Monies, reduced federal, conflicts in ethics and policy with (Robbins), 208
Motivators, barriers, and autonomy in role performance of emergency nurse practitioners (Widhalm and Anderson), 67
Munchausen's syndrome (Watson), 80
Myocardial infarction, acute, streptokinase intracoronary thrombolysis in (Werner and Chrzanowski), 277

N

Near-drowning, drowning and, update on (Smothers), 176
"Neighborhood emergency centers," ethical questions surrounding, balancing access with quality and (Robbins), 264
New Orleans, join us in (Pisarcik), 159 (Editorial)
Nonacute conditions, ED patients with, life change in (Parker), 34
"Nonrepeater" patients, "repeater" and, factors associated with ED use by (Jacoby and Jones), 243
Nurse practitioners, emergency, and motivators, barriers, and autonomy in role performance (Widhalm and Anderson), 67
Nursing care, emergency department, of manic patient (Buckwalter and Kerfoot), 239
  personalized, unique approach to drug-dependent women and (Andersen), 225
  primary, in emergency department, nurse and patient satisfaction with (Blair et al), 181

O

Obstetric emergency, abruptio placentae vs. ruptured uterus in (Royko), 4
Otitis media, children and parents and (Wagner and Kloepper), 306
Overdose medications in emergency department (George), 50
  propranolol (Bourg and McLarnon), 275

P

Pain, abdominal (Danis), 200
  control, information, palliation, or toxification in (Robbins), 46
Palliation, toxification, or information in pain control (Robbins), 46
Parents and otitis media, children and (Wagner and Kloepper), 306
Patient health teaching needs (Clarke), 298
Patterns of trauma (Halpern), 170
Pediatric resuscitation (Matlock et al), 55
Personalized nursing, unique approach to drug-dependent women and (Andersen), 225
Personnel, ED nursing, basic budgeting for (Piper), 285
  teamwork and, conflicts in (King), 51
Perspective, ethical, development of (Robbins), 100
Pesticide poisoning (Miller), 288
Pilot program, advanced trauma life support training for physicians and nurses in (Myers and Hopperstead), 123
Poisoning, atropine, jimsonweed and (Feenaghty), 139
  carbon monoxide (Vermeer), 217
  pesticide (Miller), 288
Police, illegal drugs, and emergency department (George), 267
Policy, ethics and, conflicts in, reduced federal monies and (Robbins), 208
Postmyocardial infarction mortality, hours of, circadian rhythm and (Henderson), 63
Practitioners, emergency nurse, and motivators, barriers, and autonomy in role performance (Widhalm and Anderson), 67
President's message (Nicoll), 271
  (Patrick), 1
Primary nursing in emergency department, nurse and patient satisfaction with (Blair et al), 181

Primary nursing in emergency department—cont'd
vital sign documentation and (McCall and O'Sullivan), 187
Professionals' attitudes toward violence in close relationships (Shipley and Sylvester), 88
Profile of successful interview (McCall), 320
Propranolol overdose (Bourg and McLarnon), 275
Psychosis, Korsakoff's, Wernicke's encephalopathy and (Budassi), 295
Pupil and eye responses, assessment and significance of (Fisher), 211

Q

Quality, balancing access with, ethical questions surrounding "neighborhood emergency centers" and (Robbins), 264

R

Rape victims, aftercare concerns of (Danis), 42
Reading twelve-lead electrocardiogram for ischemia, injury, and infarct (Budassi), 268
Reduced federal monies, conflicts in ethics and policy with (Robbins), 208
Reevaluating talk about "rights" in medical care (Robbins), 316
Reformation, staring at (Sonsone), 107 (Executive Director's message)
Relationships, close, violence in, professionals' attitudes toward (Shipley and Sylvester), 88
"Repeater" and "nonrepeater" patients, factors associated with ED use by (Jacoby and Jones), 243
Repeaters, answer for, in Special Needs Kardex (Rich), 191
Resuscitation, pediatric (Matlock et al), 55
Review, annual, of audiovisual materials (Sorgen), 95
Rhythm, circadian, and hours of postmyocardial infarction mortality (Henderson), 63
"Rights" in medical care, reevaluating talk about (Robbins), 316
Role performance of emergency nurse practioners, motivators, barriers, and autonomy in (Widhalm and Anderson), 67

S

Satisfaction, nurse and patient, with primary nursing in emergency department (Blair et al), 181
San Francisco Emergency Nurse Training Program (part 1) (Teufel, Teufel, and Harding), 23
(part 2: evaluation) (Sorgen and Foss), 29
Shifts, staggered twelve-hour, for ED nurses, implementing of (Schulmerich), 127
Smoke inhalation (Budassi), 156
Special Needs Kardex, answer for repeaters in (Rich), 191
Staggered twelve-hour shifts for ED nurses, implementing of (Schulmerich), 127
Standards, ED, and audit criteria (Heister, Johnson, and Trimberger), 83
Staring at a reformation (Sansone), 107 (Executive Director's message)
Street drugs (Budassi), 105
Streptokinase intracoronary thrombolysis in acute myocardial infarction (Werner and Chrzanowski), 277
Study, prospective, of triage nurse decisions (Zwicke, Bobzien, and Wagner), 132
Summertime hazards (Danis), 146
Suture and wound care training program for emergency nurses (Trott, DeChatelet, and Levy), 221
Syndrome, compartment, acute onset of (Kuska), 75
Munchausen's (Watson), 80

T

Teaching needs, health, of patient (Clarke), 298
Teamwork/personnel conflicts (King), 51
Thrombolysis, streptokinase intracoronary, in acute myocardial infarction (Werner and Chrzanowski), 277
Toxicity, cocaine use and (Holland), 166
Toxification, information, or palliation in pain control (Robbins), 46
Training Program, Emergency Nurse (part 1), in San Francisco (Teufel, Teufel, and Harding), 23
(part 2: evaluation), in San Francisco (Sorgen and Foss), 29
suture and wound care, for emergency nurses (Trott, DeChatelet, and Levy), 221
Transport, by air, of patient with head injury (Vermeer), 60
Trauma, effects of ethanol in (Halpern and Davis), 261
of genitourinary system (Kidd), 232
life support training, advanced, for physicians and nurses, in pilot program (Myers and Hopperstead), 123
patterns of (Halpern), 170
Triage nurse decisions, prospective study of (Zwicke, Bobzien, and Wagner), 132
"T's and blues" (Halpern and Davis), 150
Twelve-lead electrocardiogram, reading, for ischemia, injury, and infarct (Budassi), 268

U

Uterus, ruptured, vs. abruptio placentae, obstetric emergency and (Royko), 4

V

Verapamil hydrochloride (Halpern and Davis), 98
Victims, rape, aftercare concerns of (Danis), 42

Violence in close relationships, professionals' attitudes toward (Shipley and Sylvester), 88
Vital sign documentation and primary nursing in emergency department (McCall and O'Sullivan), 187

W

Wernicke's encephalopathy and Korsakoff's psychosis (Budassi), 295
Wills, emergency department (George), 104
Women, drug-dependent, unique approach to, personalized nursing and (Andersen), 225
Workshops, cooperative, for emergency nurses (Eben et al), 248
Wound care (Danis), 94
suture and, training program for emergency nurses in (Trott, DeChatelet, and Levy), 221
